Vehicle Specifics for 1993 Toyota Supra

Vehicle History Report Not Available

1993 Toyota Supra
 VIN#: 000000000000000000

Possible Explanations why the report is not available include:

- The seller didn't enter the vehicle identification number correctly.
- The vehicle is too new to have a history report.
- The vehicle was manufactured prior to 1981.
- The vehicle didn't have a 17-digit vehicle identification number.
- The vehicle wasn't intended for the US market (such as limited production exotics).

For sale we have a stunning example of a very well put together mk4 supra! Provides the perfect balance between the road and racetrack, comfortable with good tunes combined with insane amounts of performance 🏁

Every part of the build carried out at peregrine performance in Scotland was thought about and put together to compliment each other, as you'll see from both the photos and the extensive spec list how much time/money/effort went into the car going together.

The car has a low odo of 100k km, is completely rust free (photos of underneath available and we welcome inspection on a ramp) and in immaculate condition inside and out!

Very rare to see an example in this condition with the quality of parts this car has.

We can arrange world wide shipping no problem...
