# LEHMAN TRIKES

## BEGINNING WITH A DREAM...

In 1985, John Lehman completed the first Lehman Trike. His vision was to provide a safe and comfortable motorcycle for his family to enjoy the riding experience together. Using his garage as a workshop, and a 1981 Honda CB900, he had successfully achieved his goal. At the time, John could never have imagined he was establishing the foundation for a new era of modern-day trikes.

As people learned of the trike John had created, word spread and soon it became apparent that there was emerging interest for three-wheel motorcycles. The stage was set, and a company dedicated to providing an entirely new three-wheel experience was born.

VICTORY  
THE NEW AMERICAN MOTORCYCLE

## THE ORIGINAL TRIKE COMPANY...

Lehman Trikes has become the premier name in three-wheel motorcycles. Originally founded and established in the quiet rural community of Westlock, Alberta, Canada, Lehman has grown to become a publicly traded company, supported by a team of dedicated employees, dealers, and industry partners.

Now based in Spearfish, South Dakota, Lehman Trikes are proudly made in the USA and feature our 3-year, unlimited mileage warranty. CrossBow and PitBoss trikes are also backed by the original Victory motorcycle warranty. Factory and dealer support for our products has earned Lehman an exceptional reputation. Lehman Trikes is proud to be working with Victory Motorcycles to deliver some of the most original and exciting products in the three-wheel motorcycle industry.

Lehman "Number 1"

## COMMITTED TO THE THREE-WHEEL EXPERIENCE...

Lehman Trikes has achieved recognition throughout the motorcycle community for innovation, leadership, and the advancement of three-wheel motorcycles. Our dedication to industry leadership and customer satisfaction is what sets Lehman apart. CrossBow and PitBoss models are assembled by Lehman Trikes at our South Dakota factory location and feature Lehman's genuine "No Lean" design for superior cornering stability and a precise, controlled ride. Our commitment to safety, quality, and performance assures confidence and control around every corner.

For over 25 years, Lehman has been an industry leader and earned the reputation for high quality, premium trikes. "Leader of the Three World" represents our commitment to the three-wheel motorcycle experience.

## S.M.A.R.T. PERFORMANCE

- **STABILITY** – Superior cornering and high-speed control without the need for corrective anti-sway devices.
- **MOTORCYCLE SUSPENSION** – Utilizes motorcycle components and technology for optimal range of motion and smooth ride.
- **AGILITY** – Maximum roll resistance delivers responsive and immediate handling when called upon for emergency avoidance maneuvers.
- **RELIABILITY** – Built to last, requiring minimal maintenance for extended time on the road, not in the shop.
- **TESTING** – Refined and tested in cooperation with motorcycle OEMs enduring over 1.5 million miles of rigorous design testing.

## JOIN THE PACK!

There is a unique camaraderie among Lehman Trike riders, an exclusive experience that only other Lehman owners can truly understand and appreciate.

Lehman Pride is the original factory sponsored trike owners group created to share a common bond; our passion for three-wheel motorcycles. Lehman Pride kicked off in 2000 with the inaugural Pride Ride where customers and Lehman staff rode over 10,000 miles, crossing 26 states and 2 provinces. This marked the beginning of many journeys
