

Toyota Upgrades Technology on Camry and RAV4

TORRANCE, Calif., Oct. 25, 2013 - For the new model year, two of Toyota's most popular models, the Camry and the RAV4, receive updated equipment that includes the availability of Entune Audio that will enhance the interior experience. This pricing for these models has also been revised for the new model year.

XLE	--	Standard	Option, \$585	--
LIMITED	--	--	Standard	Option, \$785

The 2014.5 Camry will include a back-up camera as standard equipment on all models. In addition, a new exterior hue Parisian Night Pearl will be offered on the Camry LE, XLE gasoline and hybrid models (replacing Clearwater Blue). The Camry SE Sport four-cylinder model continues for the 2014.5 model year.

The 2014 RAV4 offers updated equipment for two of its trim levels. The RAV4 XLE adds sunvisor extenders and chrome interior door handles as standard equipment. An available Technology Package will be offered for the RAV4 Limited that includes a Blind Spot Monitor with Rear Cross Traffic Alert, Lane Departure Alert and Auto High Beam for \$725. The Blind Spot Monitor with Rear Cross Traffic Alert will no longer be offered as a stand-alone option. For the 2014 RAV4, Blue

Crush Metallic is offered as a new exterior color (replacing Spruce Mica).

Production of the 2014 RAV4 begins in November and the 2014.5 Camry in December. The Destination, Processing and Handling (DPH) fee for the 2014.5 Camry is \$810, and DPH for the RAV4 is \$860.

Model	Engine	2014 MSRP	2014.5 MSRP	MSRP Change (\$)	MSRP Change (%)
Camry L	2.5 L 4-cyl	\$22,235	\$22,425	\$190	0.9%
