Restore Your Ford Finish In Two Steps

Select Your Ford's Color (Step One)

AutomotiveTouchup paint products are custom mixed to perfectly match the color of your 2021 Ford Bronco using a **basecoat/clearcoat system** just like factory specs. To insure a proper match, you'll need to know your vehicle's color code so you can find it on the chart below. The color code can be located in the driver side door jamb. Click here for the [Ford paint code location chart and paint code image example](#).

Why The Two-Step Paint System?

Your 2021 Ford Bronco is painted at the factory with a high quality basecoat/clearcoat system. This two-step paint system consists of step one, the basecoat, which is your car's actual color, and step two, the clearcoat, the specially formulated clear paint that protects the base color and provides the luster and deep shine your vehicle came with when new. AutomotiveTouchup products faithfully reproduce your vehicle manufacturer's basecoat/clearcoat system.
