

For Immediate Release

2023 Nissan Pathfinder ready for adventure with effortless flexibility and off-road-inspired Rock Creek grade

For trips around town, across the country or into the woods, Pathfinder provides more of what SUV buyers want

- Rugged design and capability build on nearly four decades of Pathfinder heritage
- New Rock Creek® grade for bolder adventures
- Standard Nissan Safety Shield® 360¹ technology for added peace of mind
- Available ProPILOT Assist² helps ease long drives on the open highway
- Available 6,000-pound maximum towing capacity³ for hauling outdoor toys, trailers and more³

The 2023 Nissan Pathfinder builds on a long heritage for families looking to do more, offering a strong, refined design, an impressive range of technology and the flexibility expected by today's drivers.

The Nissan Pathfinder was all-new for the [2022 model year](#), marking a "return to rugged" with a bold design and notable capability. For the 2023 model year, Pathfinder helps owners take more adventurous journeys with the addition of an off-road-inspired [Rock Creek grade](#), designed for drivers with the desire to venture away from the pavement.

Pathfinder Rock Creek features off-road-tuned suspension and a 5/8-inch suspension lift, 18-inch beadlock-style wheels with all-terrain tires, a tubular roof rack with a 220-pound capacity⁴, a tow hitch receiver and harness with 6,000-pound maximum towing capability³, LED fog lights, Intelligent Around View® Monitor with Off-Road Mode, orange interior stitching and second-row captain's chairs. Rock Creek has standard Intelligent 4WD and its 3.5-liter V6 engine is enhanced to deliver increased available horsepower and torque⁵ (versus standard Pathfinder grades) when using premium fuel.⁵

Also for 2023, Pathfinder SL adds a standard wireless device charging pad, while Pathfinder Platinum offers a new Platinum Captain's Chairs package (second-row captain's chairs with a removable second-row console). The 2023 Pathfinder SL and Platinum also add a 10-way power passenger seat.

The 2023 Nissan Pathfinder is on sale now with a choice of five well-equipped grades – S, SV, Rock Creek, SL and Platinum – with a starting Manufacturer's Suggested Retail Price (MSRP)⁶ of \$35,000. (See full pricing details for all 2023 Pathfinder grades.)

Strength and capability

Pathfinder features a proven 3.5-liter direct-injection V6 engine rated at 284 horsepower and 259 lb-ft of torque, with Rock Creek rated for up to 295 hp and 270 lb-ft with premium fuel⁵. The engine is paired with a 9-speed automatic transmission designed to help provide strong, confident acceleration. Standard idle stop/start helps save fuel when stationary, such as waiting at a traffic light. Fuel economy⁷ for Pathfinder is rated at up to 21 mpg city, 27 mpg highway and 23 mpg combined for four-wheel-drive models.

Available Intelligent 4WD provides even greater driving confidence on a variety of surfaces. The system features a Drive and Terrain Mode switch that helps optimize power delivery depending on the situation, with seven available modes: Standard, Sport, Eco, Snow, Sand, Mud/Rut and Tow.

Pathfinder delivers 3,500 pounds of standard towing capacity on S, SV and SL with 6,000 pounds standard on Rock Creek and Platinum and available on SV and SL.

Range of advanced technology

Like all Nissan vehicles, Pathfinder features an extensive range of standard and available technology to make journeys more convenient and more connected. Every Pathfinder grade features [Nissan Safety Shield[®] 360](#), a suite of technologies that includes Automatic Emergency Braking with Pedestrian Detection, Blind Spot Warning, Rear Cross Traffic Alert, Lane Departure Warning, High Beam Assist and Rear Automatic Braking.

In addition, the Pathfinder features standard [Intelligent Driver Alertness](#), [Rear Door Alert](#) and rear sonar sensors. Available driver-assistance features include [Intelligent Around View[®] Monitor](#), Blind Spot Intervention, front sonar sensors and Traffic Sign Recognition.

Pathfinder keeps drivers informed with a standard 7-inch digital meter display, an available 12.3-inch full-color digital dashboard and an available 10.8-inch head-up display. Intuitive entertainment and connectivity are provided by a standard 8-inch or available 9-inch touchscreen with standard Apple CarPlay[®] and Android Auto[™]. Pathfinder SL and Platinum feature wireless Apple CarPlay[®] and a wireless device charger, and a Bose[®] 13-speaker premium audio system is standard on Platinum and available on SL.

To help everybody keep their devices and accessories charged, Pathfinder features four standard USB ports (five on SL, six on Platinum) and an available 120-volt second-row power outlet (Platinum only).

Highway driving made simpler with ProPILOT Assist

For road trips and other long highway journeys, Pathfinder drivers will appreciate the availability of [ProPILOT Assist](#)². The advanced, hands-on driver assistance feature combines steering assist and Intelligent Cruise Control to help control acceleration, braking and steering in both heavy highway traffic and on the open highway. The system uses a forward-facing camera, forward-facing radar and other sensors to help keep Pathfinder centered in its lane. In stop-and-go traffic, ProPILOT Assist can even bring the vehicle down to a complete stop and hold it in place until traffic moves again. ProPILOT Assist is standard on Pathfinder SV and Rock Creek.

ProPILOT Assist with Navi-link (standard on Pathfinder SL and Platinum) elevates the

system's performance by using data from the navigation system to proactively adjust the vehicle's speed before curves and freeway exits².

A spacious and flexible interior

The 2023 Nissan Pathfinder provides impressive interior space, with three rows of seats and standard seating for eight (seven with optional second-row captain's chairs). The EZ FLEX[®] second-row seats conveniently tip forward to provide access to the third row, and feature Nissan's [LATCH AND GLIDE™ technology](#), allowing them to tip and slide even while a child safety seat is installed⁸.

Additional interior features include standard tri-zone automatic climate control and available leather-appointed and premium semi-aniline leather-appointed seats, 10-way power front seats, heated rear seats, ambient interior lighting and a panoramic moonroof.

Pathfinder's cargo area has a generous 16.6 cubic feet of storage with all rows of seats upright – enough to fit four golf bags – expanding to 80.5 cubic feet with the second and third rows lowered. A power liftgate, available on SV and standard on SL, and a motion-activated power liftgate on Platinum make loading and unloading items even easier.

The 2023 Nissan Pathfinder is on sale now. For full details on the features included on each grade level, see the full specification sheet.

#

1. Nissan Safety Shield technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information.
2. ProPILOT Assist and ProPILOT Assist with Navi-link cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information.
3. Up to 6,000 lbs. maximum towing for 2023 Nissan Pathfinder Rock Creek. Towing varies by configuration. See Nissan Towing Guide and Owner's Manual for additional information. Cargo and load capacity limited by weight and distribution. Always secure cargo.
4. Cargo and load capacity limited by weight and distribution. Always secure cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.
5. Premium fuel is not required, regular fuel can be used. Increased horsepower and torque are only available with premium fuel.
6. MSRP excludes applicable tax, title, license fees and destination charges. Dealer sets actual price. Prices and specs are subject to change without notice. Destination and handling \$1295.
7. CITY, HIGHWAY and COMBINED: 2023 EPA Fuel Economy 20 mpg city, 27 mpg highway and 23 mpg combined for 2WD models; 21 mpg city (20 mpg Rock Creek, SL & Platinum), 27 mpg highway (23 mpg Rock Creek, 25 mpg SL & Platinum) and 23 mpg combined (21 mpg Rock Creek, 22 mpg SL & Platinum) for 4WD models. Actual mileage may vary with driving conditions – use for comparison only.
8. Do not perform slide forward function with the Child Restraint System occupied.
