Motorsport Accessories

Front air outlet in carbon

### **Motorsport Accessories from Porsche Tequipment**

From the beginning, motorsport and the racetrack have been integral to the Porsche development and testing programme. Nowhere else are a vehicle and its components subjected to such rigorous demands. For the race track and every day use, the motorsport accessories from Porsche Tequipment offer extraordinary driving dynamics, exceptional stability and excellent durability. Developed by motorsport engineers who also construct

Porsche race cars and provide trackside support, these technologies have made the direct transition from the racetrack to the road.

#### **Front air outlet in carbon**

This restyled front air outlet made from carbon is weight-saving and expresses all the excitement of the racetrack.

Only available for the 911 GT3/ GT3 RS up to and including 02/2008.

#### **Air collector intakes in carbon (Ram Air)**

Carbon is a lightweight and robust material. Used on the Carrera GT and now available to order, these two carbon air collector intakes have been optimised for low weight. With increasing vehicle speed, they force additional air into the engine and engine compartment.

Only available for the 911 GT3/ GT3 RS up to and including 02/2008 and for the 911 GT3 from 04/2009.

Exterior mirror in carbon

### **Exterior mirror in carbon**

Exterior mirrors finished in carbon look great on the racetrack, and now they can look great on the road, too. Sporty and imposing, they enhance the powerful appearance of your 911 GT3/GT3 RS.

### **Titanium tailpipe**

A dual-tube tailpipe manufactured from exceptionally lightweight titanium. For a special motorsport effect, the white metallic finish turns bluish in colour when hot.

Only available for the 911 GT3/GT3 RS up to and including 02/2008 and for the 911 GT3 from 04/2009.

### **Decorative wheel rim strips**

This high-quality decorative film featuring the Porsche logo is a real eye-catcher. It is manufactured from the same material as the racing decals used in Porsche motorsport. Available in a choice of colours.

Only available for the 911 GT3/GT3 RS up to and including 02/2008.

### **19-inch GT3 wheels**

From the racetrack to the road, with the titanium-coloured 19-inch GT3 wheel set. The central wheel bolt with red anodised finish is included. After a session out on the race circuit on your choice of racing tyres, simply restore the standard wheel and tyre combination before making the journey home.

Only available for the 911 GT3 from 04/2009 and for the 911 GT3 RS from 12/2009.

### **Central wheel bolt anodised in Red**

A motorsport-derived feat of engineering. In typical Porsche style, the colour red indicates the direction of rotation, for fast wheel changes and a clear reference to the world of motorsport.

Only available for the 911 GT3 from 04/2009 and for the 911 GT3 RS from 12/2009.
