

Proton *EXORA*

YOU'LL BE AMAZED

INTRODUCING **THE NEW PROTON EXORA**

Meet Malaysia's first homegrown MPV – the amazing new Proton Exora. An ideal family vehicle conceptualised by Malaysians, designed for Malaysians, and realised by Malaysians. All to high standards in safety, technology, comfort and performance.

EXORA

FRONT

Distinctive headlamp design.

Front bumper adds to a tough and sturdy image while its front grille carries a unique wing design.

Side mirrors with LED turning signal for better visibility.

* Available for H-Line only.

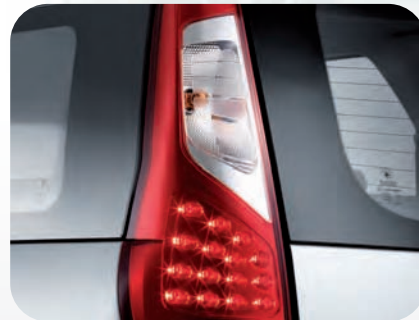

AMAZING ELEGANCE

From bonnet to bumper, your elegant cruising machine is fitted with only the best in aesthetics. Take a glance at its stylish body featuring a sporty winged grille, plus integrated headlamps and fender design. Look around some more and you'll soon see that aerodynamics was not our only concern. Sophistication mattered too.

SIDE

REAR

A trendy LED tail lamp gives a balanced look to its overall rear design. LED lights also have a longer life span compared to normal bulbs.

Sporty rear spoiler*.

Wraparound bumper for a clean and sleek look.

AMAZING ELEGANCE

Step inside the EXORA and you'll realise why it can easily be your family's living room on the road. Be greeted by sleek trimmings, high-quality finishes and all-round comfort.

Thoughtfully crafted ergonomic seats for first-class comfort — perfect even for long-distance family road trips.

Gated gear stick made for style and safety.

Boldly designed illuminated black fascia meter display. It gradually lights up when the EXORA comes to life.

Design with practicality and convenience in mind. Power window controls are alongside pockets and bottle holders.

Higher head clearance, with more legroom in all rows.

AMAZING COMFORT

Sit back and relax in the EXORA's plush leather seats* with suede lining and individual air-cond outlets in each row. There's ample seating space for 7 adults, with a flexible seating arrangement and superior cargo space when you need even more room. The built-in entertainment system* lets the children enjoy their favourite shows, while you can control the volume from the wheel.

Various seat configurations to meet your space requirements.

2nd row with 60:40 split comes with a convenient single action fold and tumble function.

* Available for H-Line only.

AMAZING COMFORT

From mum's shopping to grandpa's favourite drink, the EXORA is rich with compartments to store just about anything.

Useful, tuck away vanity mirror with ticket holder.

Upper and lower glove box.

Keep cards and mobile phone neatly within driver's reach.

Extra space beneath steering wheel.

Handy utility hooks for bags, or even for your 'teh tarik'.

Each door comes with bottle holders and multi-use pockets.

Convenient bottle holders at the floor console.

Pockets for magazines/books.

Boot with hidden extra compartment and standby luggage net hooks.

Dual-blower air-cond and individual outlets in each row.

DVD Player*

Comes with a built-in DVD player with an 8.5 inch LCD monitor. Play your favorite movies via DVD, Multimedia Card (MMC) / SD or USB and control it via remote.

* Available for H-Line only.

Navigation System*

Easy to operate feature provides information on directions, places to dine or even the nearest hospitals. All information is downloadable via Internet. It also stores and plays MP3 songs and videos.

Auto Cruise Function*

Switch to the easy-to-operate auto cruise function to maintain the speed limit and enjoy a pleasant ride.

AMAZING COMFORT

Integrated Bluetooth

Hands free mobile phone operation with caller ID feature

When you do have to speak on your mobile while driving, stay safe with this convenient feature.

Music Streaming

Play songs stored in your mobile phone or portable Bluetooth device.

CD Audio/ MP3/ WMA Player

3.5mm Front AUX Input

Easy connection for portable audio devices.

Programmable Front Wipers Speed

On rainy days, don't worry. The EXORA's wipers can be programmed to your desired speed. When you reverse, the rear wiper comes on automatically.

Also, the front wipers will perform one final wipe to remove excess water from the washer 5 secs after the last wipe.

Battery Saver

All lamps (cabin, map and luggage) will switch off automatically after being on standby for 20 mins.

Cabin lamp will remain on for 30 secs after key removal for easy exit.

It will also gradually light up and dim upon entering or exiting the vehicle.

12V Power Sockets

The EXORA is equipped with 12V power sockets for usage of various electrical items.

Adjustable Steering Wheel and Seat Height

Drivers can easily adjust both the steering wheel and seat height according to their preference.

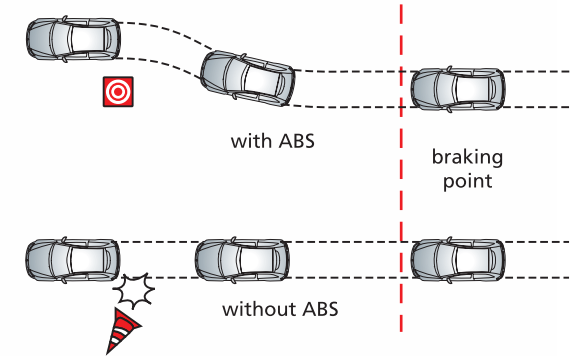

'Follow Home' Function

Quickly switch the lights on and off within 10 minutes after the engine is turned off. The headlamps will remain on for 30 secs, even after you exit the car. Useful as an extra safety measure in dark parking areas.

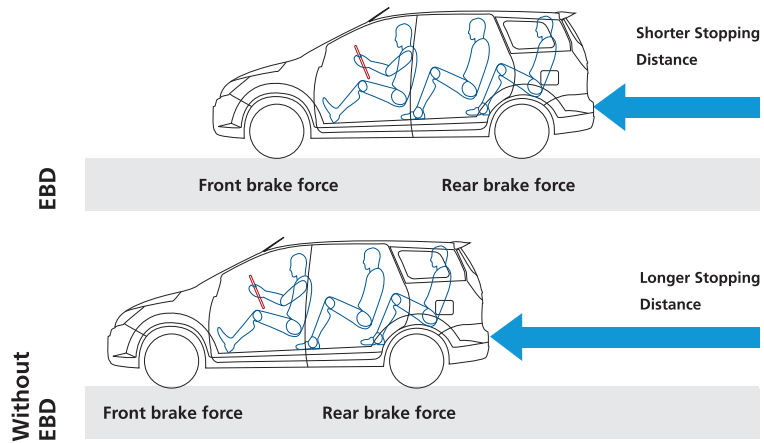

Anti-lock Braking System (ABS) and Electronic Brake Distribution Force (EBD)

ABS provides better stability and enhances braking performance to avoid crashes, especially on slippery roads or during emergencies. The system also features a backup EBD function, in the event of ABS failure.

AMAZING PROTECTION

Driving is worry-free with the Proton Exora, thanks to high standards of safety, with features such as SRS dual airbags and a high tensile steel cage.

Active Safety Features

LED side turn lamps give high visibility from various angles in any weather for your safety and that of other road users.

Hazard lights will switch on in case of sudden braking at speeds of 96km/h and above, as a reminder for other vehicles to keep their distance.

Reverse sensor alerts drivers to the presence of nearby objects for easier reversing and parking.

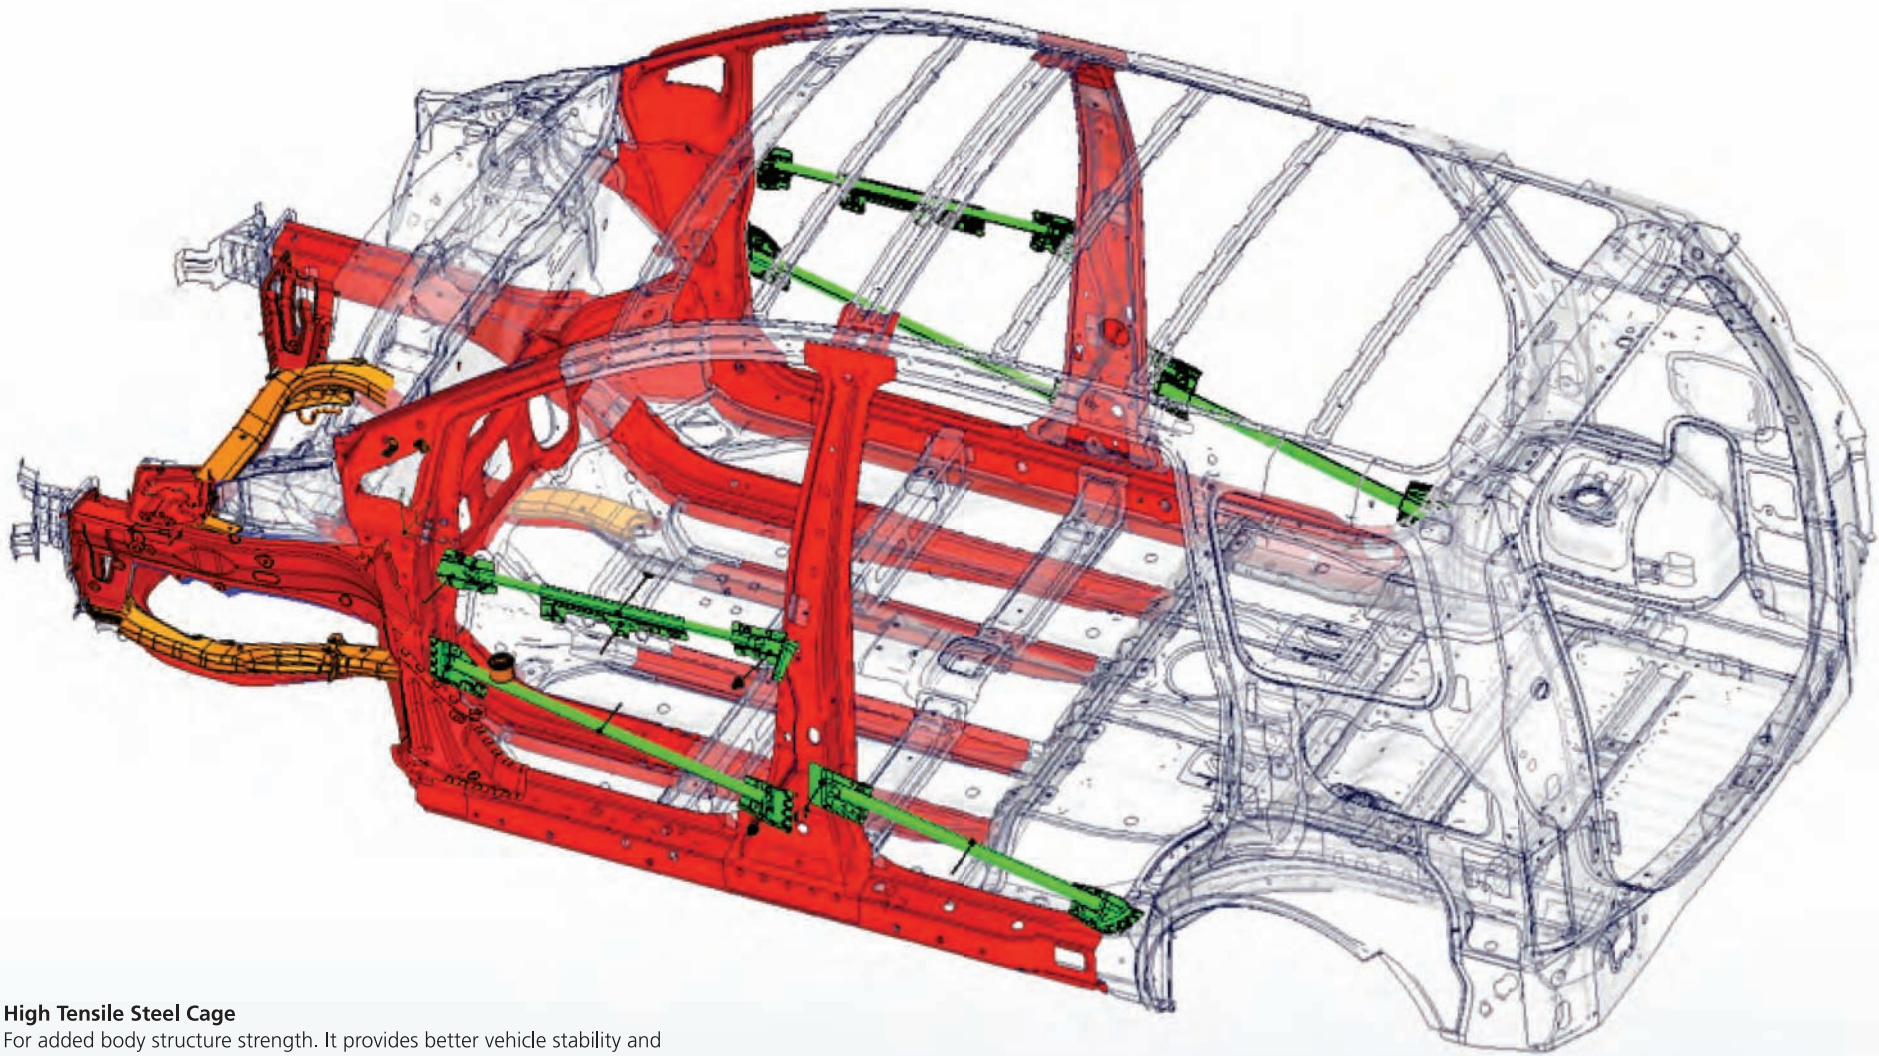

Enhanced visibility with higher quality headlamps.

Fog lights improve visibility and safety during foggy conditions.*

* Available for H-Line only.

■ **High Tensile Steel Cage**

For added body structure strength. It provides better vehicle stability and increases impact absorption in the event of collision.

■ **Side Impact Bars**

Helps to absorb side impact.

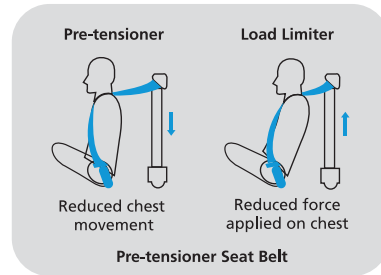

■ **Hydro Forming Sub-frame Technology**

Provides better load impact distribution in the event of collision and contributes to a lightweight body.

AMAZING PROTECTION

The EXORA's safety features are designed to meet European front, side and rear impact tests.

Passive Safety Features

Dual SRS Airbags with Pre-tensioner Seat Belt

Protects both driver and front passenger from severe injuries in the event of collision. It also helps slow down head and chest movement during a sudden crash.

Programmable Door Lock

By using the transmitter, the driver is able to program a function which allows only the driver's door to be unlocked first, followed by other doors.

Speed Auto Lock

All doors will automatically lock upon reaching 20km/h. A buzzer will sound should one of the doors not be properly closed.

Auto Door Unlock

All doors will automatically unlock after removing the key from the ignition.

Crash Unlock

All doors will automatically unlock in the event of a collision or when the airbags are deployed.

Auto Block

Door lock will automatically block for 20 secs after 30 continuous times of successful lock/unlock. This prevents the actuator from overheating.

Door Lock

All doors cannot be locked if the front doors are not properly closed. If the rear or back door is not properly closed, a buzzer will chirp twice and doors will automatically lock after 10 secs.

Security Features

Free-rotating Door Key Cylinder

In the event of an unmatched key or hard tool (e.g. screwdriver) being used, the key cylinder will keep rotating.

Immobiliser

The immobiliser is embedded in the transmitter. The engine will not start without the actual key.

Alarm History

In case of a break-in, the alarm will sound and the door ajar symbol will blink to warn the owner that there has been an attempt to break into the vehicle.

AMAZING PERFORMANCE

Powered By CamPro CPS

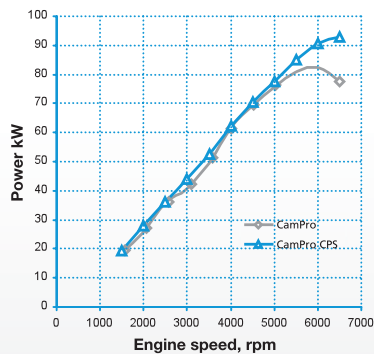

- Aids fuel efficiency.
- Enhances uphill driving.
- Efficient performance.

The EXORA is geared for optimum performance when you need it, thanks to a CamPro CPS engine that packs 125hp and 150Nm of torque. Experience the power to carry 7 adults plus a full load of luggage while maintaining fuel efficiency. Its streamlined design also allows for a quieter journey, while supreme Lotus tuning guarantees excellent ride and handling.

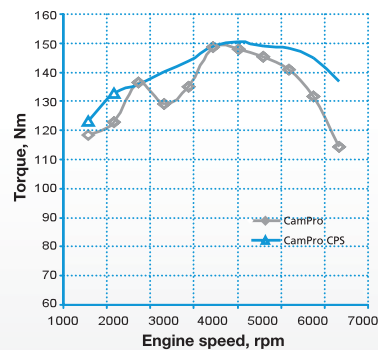

Quiet Cabin

- Quiet performance at all times (against Noise, Vibration & Harshness – NVH).
- A new material of Piller Filler is applied at strategic areas together with other noise insulators to further reduce cabin noise. It also ensures a quieter and enjoyable ride.
