Warning

The information contained in the configurator may contain technical inaccuracies or typing errors and may be modified without notice. Furthermore, Volvo Cars reserves the right to modify its products and services at any time, including their prices. The information on fuel consumption and CO2 emissions, as well as the related tax charges, are in accordance with the WLTP method. The customer acknowledges and accepts

that if a financial or other risk ensues, this will be at his expense.

The Volvo configurator is constantly updated, therefore the configuration price may not be aligned with the latest available price list. We also draw your attention to the fact that some errors may occur during maintenance. The images and photographs on this site serve as a general guide only. They do not necessarily reflect the exact technical characteristics or specifications of the model in question due to product variations. Quotation and configured vehicle options should be confirmed with your Volvo retailer. All emissions and consumption data may be subject to variations. For the most up-to-date information, please refer to the current price list

Data subscription for Google services (if applicable for the chosen engine): The price of the car includes access to the following digital services for a period of 4 years (1 year for cars in Model Year 2023 with the level of Essential equipment) from the activation of the data subscription: Google Assistant, Google Maps, Google Play Store, the remote functions of the Volvo Cars app and the use of data for the above services. After this time, a paid extension or renewal of the subscription will be offered to the owner and/or registered driver of the car.

1 Buy

(3) Recommended list price for a Volvo EX90 Twin Ultimate €103,500. Recommended list price for a Volvo EX90 Twin Performance Ultimate €108,600. Prices include VAT. Price valid for individuals until 05/31/2023. (4) The Volvo Care offer applies exclusively to Volvo Fully Electric vehicles, for a period of 5 years from the date of delivery or 150,000 km (whichever occurs first). Volvo Care's "Service & Maintenance for Volvo Fully Electric" package covers regular maintenance, every 24 months or 30,000 km (whichever occurs first), and includes the replacement of the following wear parts: brake pads and brakes (if required) and wiper blades (1x per year). Does not include the replacement of wearing parts not explicitly mentioned above.
